PRICE TEN CENTS

ONE CAR OF AN ELEVATED TRAIN dangles precariously over track edge with another on its side some 30 feet below after a derailment in Chicago Wednesday. One man was killed and 25 persons were injured when the last two cars of the eight-car train left the rails. (AP Wirephoto)

Join Truces To Negotiate Peace Pope Paul Urges

VATICAN CITY (AP) — Pope Paul VI said today the outlook for an end to the war in Viet Nam appears brighter and called on both sides to extend year-end truce periods into an armistice that would permit peace talks.

Saigon Mayor Cuffed, Rested

SAIGON, South Viet Nam (AP) — Saigon's mayor entered a hospital for a checkup and a rest today less than 12 hours after American military police arrested and handcuffed him on the Saigon riverfront shortly before 2 a.m.

Friends of Mayor Van Cua, who is also a doctor and a paratrooper colonel, said they expected he would be asked to take time off from City Hall for an extended rest.

Cua was disarmed and handcuffed by U. S. military police after he brandished a Thompson submachine-guns at them, U. S. officials said.

They said the MPs were summoned to the riverfront near the My Canh floating restaurant after reports that a man was firing a gun. A U. S. spokesman said the MPs "detected an odor of alcohol" on the man, who later proved to be the mayor.

The Americans, apparently unaware or unsure of the mayor's identity, searched him and took a .38 caliber revolver from him. He was wearing a sport shirt and slacks.

In the meantime, Vietnamese police arrived on the scene and with the Americans took the mayor — enraged and shouting — to a police station. He was released after high U. S. Embassy officials and the Americans can prevent martial law.

Weather

By The Associated Press

ESCANABA AND VICINITY—Periods of rain today, high 38. Turning a little colder tonight with showers changing to snow flurries, low 33. Cloudy and cooler Friday with a chance of occasional snow. South to southeast winds, 5 to 15 mph. Saturday outlook: cloudy and cool with a chance of snow. High yesterday, 38 and low overnight, 31. Precipitation probabilities: today, 80%; tonight, 70%; Friday, 50%.

The sun sets today at 5:04 p. m., and rises Friday at 6:17 a. m.

The idea of an end to hostilities is becoming stronger and more confident," the Pope said. "If, as it has been announced, a further cessation of hostilities is to follow shortly on the Christmas truce, why do not both parties to the conflict join the two separate truces into a single, continuous period of time, so that new ways may be explored of bringing about an honorable understanding putting an end to the conflict?"

Pope Paul gave a 2,000-word speech in Italian from a throne before the main altar of St. Peter's during a Mass marking the feast of the Immaculate Conception.

The pontiff urged that the Christmas truce and the Vietnamese New Year truce in February be joined in a single armistice.

The Pope said that neglecting "such golden opportunity" to end the war would "be fraught with danger." He said he prayed to God that his "earnest desire will not fall on deaf ears."

He said the approach of Christmas brought to mind "the war in a distant corner of the world saddening and threatening the whole world, the war that is still going on. How opposed to one another are these two terms, these two events — Christmas and war!"

Fine Arts Degree

YPSILANTI (AP)—A seventh bachelor's degree—in fine arts—was established Wednesday by the Eastern Michigan University Board of Regents. Other bachelor degrees at EMU are in arts, science, art education, business education, business administration and music education.

Center Office

DETROIT (AP) — Thad M. Demery has been advanced to vice president in charge of leasing of the still uncompleted Detroit Trade Center. It was announced Wednesday. Associated with the center since its inception, he is one of the principal owners of Demery's Department Store in Detroit.

Check Lake Safety Coast Guard Asked

WASHINGTON (AP) — Rep. John Dingell, D-Mich., said Wednesday he has asked the Coast Guard to expand its investigation of the sinking of the ore carrier Daniel J. Morrell and report on safety standards for all Great Lakes ships.

Dingell — a member of the House Merchant Marine and Fisheries Committee — said stricter safety standards "are probably needed" to prevent disasters such as the Morrell sinking.

He mentioned the Morrell's sister ship, the E. V. Townsend, also developed a crack in its deck during the storm which sank the Morrell.

Dingell said he planned to introduce legislation in Congress next year to help modernize the Coast Guard's sailing certificate until repairs are made.

B52s Strike In Drive To Clear Saigon Of Reds

SAIGON, South Viet Nam (AP) — B52 bombers pounded a Viet Cong jungle base 25 miles northwest of Saigon today, opening a new campaign to clear the enemy from around South Viet Nam's capital.

The clearance campaign was launched in the wake of the bold suicide attack last weekend on Saigon's Tan Son Nhut Air Base. The B52 target was believed to be the base from which the Viet Cong mount terror and infiltration attacks on the capital.

In the ground war, only small patrol skirmishes again were reported, a situation that has prevailed for more than a week.

The continuing lull was reflected in a decrease in the casualties last week for all forces in Viet Nam.

Casualties Lighter

The U. S. command said 44 Americans were killed, 521 were wounded and 18 were missing or captured. The week before there were 143 killed, 709 wounded and 2 missing or captured.

Vietnamese casualties dropped from 150 killed and 41 missing to 139 killed and 14 missing, while the enemy figures last week were 1,181 killed and 162 captured, compared with 1,439 killed and 144 captured the week before.

At the Vatican, Pope Paul VI urged that the truces proclaimed for Christmas and the Vietnamese New Year in February be joined into a lasting armistice that would permit negotiations for peace. There was no immediate reaction in Saigon, but Premier Nguyen Cao Ky recently said that any truce should be a matter of hours and not days. U. S. officials also have expressed opposition to a prolonged truce, contending that the Communists take advantage of the respite to regroup and resupply.

Crashes Kill Pilots

A U. S. spokesman said two American F4 jet fighter-bombers crashed Wednesday near Saigon and both pilots were killed. One crash was blamed on "control problems." Cause of the other was not known.

"I'm hoping for something before the end of the expiration," he told a newsmen Wednesday night, "but it isn't realistic."

"If we have a delay," he added, "we have to keep the present laws in effect a minimum amount of time." He set this at not more than one year.

The draft laws normally would be extended for four years.

Kennedy's comments came shortly after he and other participants in a just-concluded national draft conference spelled out their findings in a public panel session.

More than 100 educators, government specialists, congressmen and students spent four days discussing the draft and some alternatives. The meeting, an outgrowth of the growing public debate over the fairness of the draft, was arranged by the University of Chicago.

The conference reached an informal consensus Wednesday that the Selective Service System is badly outdated and needs immediate revision. They also expressed surprising unanimity that an all-volunteer professional army would be the best alternative to the draft.

Kennedy told the conference Wednesday night that he, too, was impressed with the argument for a professional army, chiefly advocated by economist Milton Friedman of Chicago.

Long a booster of a nationwide lottery to reduce inequities in the draft laws, the senator said he now thinks "there can be a comprehensive program worked out with improved pay and increased educational benefits" as outlined by supporters of the professional army.

UAW Denies Debt To AFL

WASHINGTON (AP) — The United Auto Workers Union now says it does not owe \$270,000 to the AFL-CIO — the latest development in the current chapter of the feud between two of labor's top chieftains.

The AFL-CIO is officially not talking about whether the UAW has fallen behind in its dues to the parent organization.

But unofficially, AFL-CIO sources say the money is late, but that nobody's about to throw the auto workers out of the organization.

Still, the money incident apparently further widens the rift between AFL-CIO President George Meany and UAW head Walter Reuther, who is also president of the industrial union department of the AFL-CIO.

Fine Arts Degree

YPSILANTI (AP) — A seventh bachelor's degree—in fine arts—was established Wednesday by the Eastern Michigan University Board of Regents. Other bachelor degrees at EMU are in arts, science, art education, business education, business administration and music education.

Center Office

DETROIT (AP) — Thad M. Demery has been advanced to vice president in charge of leasing of the still uncompleted Detroit Trade Center. It was announced Wednesday. Associated with the center since its inception, he is one of the principal owners of Demery's Department Store in Detroit.

Legion Auxiliary Plans Christmas Party Saturday

RAPID RIVER — The American Legion Auxiliary, Rapid River, held a regular meeting Tuesday evening, Dec. 10. Membership Chairman Mary LaCross reported the unit has 108 paid members, one over quota.

District Rehabilitation Chairman Ethel Larson told of her trip to Iron Mountain Veterans Hospital. The Auxiliary members go to the hospital each year to wrap gifts for families of the veterans hospitalized during Christmas.

The unit will have a Christmas party Saturday evening, Dec. 10, at 8 p.m. Gifts will be exchanged. Entertainment and a potluck lunch will follow. Legionnaires are invited.

Lunch was served after the meeting by hostesses Leona Thorsen, Lois Leadman and Marie Pedersen.

Game To Aid Scholarships

RECENTLY the Holy Name High School Scholarship Committee met at the Holy Name High School's Library to report on past business and to make preparation for future projects.

Past members of the Committee include Donald Crawford, Mrs. John Lasnocki secretary-treasurer, Peter Ross, Dick Wiles, vice president Tom McDonough, Casimir Milkiewicz, Rev. Lawrence Gauthier and Mrs. Donald LeMire, pres-

ident.

New members were intro-

duced to the group by Mrs. Le-

Mire. They include Brother

Mark and Sister Christine,

the new co-principals of Holy

Name, Charles Wanek, vice

president of the Holy Name

High School Board and Mrs.

Doreen Bartoszek, vice presi-

dent of the Parents' Club.

Last year the Scholarship

Committee dispersed from its

funds \$800 to four graduates

of the 1966 Class for further

educational endeavors. These

monies were made available

through the Annual Holy Name-Escanaba High Alumni

Basketball game held each De-

cember.

A report was also given on

the Father Casimir - Brother

Lewis Music Scholarship Fund.

It was noted that there was a

balance of \$1,000.00. Two stu-

dents were sent to the Band

Camp at Northern Michigan

University this past summer

through this fund.

A lengthy discussion ensued

on how to interest more peo-

ple to contribute to the Holy

Name Scholarship Fund. Presently, the two major sources

of revenue come from the An-

nual Holy Name-Escanaba

Alumni Game and Memorial

Envelopes placed at the various

funeral homes in the area. It

was noted that some encour-

agement should be given to

relatives of the deceased to

participate in the Holy Name

Memorial Scholarship Fund.

Preparations were made for

the Annual Holy Name-Escanaba

High Alumni Game to be held

Dec. 27. Tom McDonough and

Casimir Milkiewicz are the co-chairmen.

A budget of \$21,345 was pro-

posed for 1967.

Auto Imports Could Double

BIRMINGHAM, England (AP) — North America could be importing 1.8 million automobiles a year by 1970—twice the present figure, says a leading U.S. dealer.

Bruce McWilliams, president of the Rover Company of North America, said there is a vast potential for imported cars in North America which has not yet been tapped.

McWilliams talked to news-

men during a visit to the offices

of the Rover Motor Company here.

The Performing Rights Society, which protects com-

posers and musicians from ex-

ploration, advised the council

that playing of the taped mu-

sic came under the heading of

a public performance. It de-

manded a license fee.

The issue will be debated in

town council shortly.

Prices Boosted

MIDLAND (AP) — The Dow

Chemical Co. has announced a

\$2 per ton increase in the price

of chlorine and caustic soda

effective immediately. The in-

crease applies across the board

to all forms and quantities of

chlorine and caustic soda and

applies in both the eastern and

western zones of the United

States.

GOP In House Map Program

WASHINGTON (AP) — House Republican leaders are mapping their 1967 domestic legislative program in a series of meetings with defense and economic experts, legislators and governors.

One session has been held, and four more are planned in the next two weeks.

The finished product will be unveiled by GOP Leader Gerald R. Ford in the Republican evaluation of the "State of the Union," expected to take place about a week after President Johnson's "State of the Union" Message. Congress reconvenes Jan. 10. No dates have been set for the President's major messages.

As was the case last year, Ford is expected to discuss domestic issues, such as inflation, the draft, taxes and government spending, while Senate Republican Leader Everett M. Dirksen analyzes foreign policy.

Soo Locks Start Winter Shutdown

SAULT STE. MARIE (AP) — The Coast Guard Wednesday began preparing the Soo Locks for their winter shutdown, emptying the Davis Lock of water and thus closing it to traffic.

The Sabin Lock is expected to be closed next Tuesday. Closing of the MacArthur, the largest, will depend upon when the final downbound ship from Lake Superior clears, likely sometime next week.

Seventy to 75 ships still were reported in Lake Superior.

Normally the locks shut down around Dec. 15.

The Poe Lock, now in the process of being replaced, has not operated during the past shipping season.

Bay Cliff Is Growing

Bank Gives Camp \$5000

ISHPEMING — The Miners First National Bank of Ishpeming has contributed \$5,000 to the \$100,000 building program for Bay Cliff Health Camp.

The \$100,000 will cover costs of three buildings that will permit the camp at Big Bay in northern Marquette County to offer more complete medical services to handicapped children.

This marks the second major contribution of the Miners First National to Bay Cliff. The bank earlier sponsored construction of one new dormitory unit with a donation of \$4,000.

S. M. Cohodas, Ishpeming and Marquette financier and businessman, was chairman of the previous fund drive and also heads the \$100,000 fund drive now in progress.

The following buildings will be erected with funds raised in the current drive:

1. A health cottage, which will serve as the camp infirmary.

2. A structure to house children from three through five years of age and five staff members. It is designed for 20 children and contains five bedrooms, a large playroom, two bathrooms and a small kitchen.

3. A structure to house children with more severe handicaps. This is designed to accommodate 12 children and

White Pine Will Boost Production

WHITE PINE (AP) — Officials formally dedicated a new \$5.5 million furnace in the White Pine Copper Refinery here.

The furnace, which will up White Pine's production from 134 million pounds to 180 million pounds, goes into production in February.

IRVING MOSS, right, executive vice president of the Miners First National Bank of Ishpeming, presents \$5,000 check from bank to S. M. Cohodas, chairman of \$100,000 fund drive for Bay Cliff Health Camp.

will have two large bedrooms, one for boys and one for girls. One of the buildings already is under cover, construction is well along on a second, and the third will be started soon. All three will be ready for the 1967 camping season.

Cohodas pointed out that although most donations for the buildings will come from business, industry and organizations, contributions in any amount are welcome from individuals or small businesses and organizations.

You'll Have 42 Holiday Letters Says Post Office

WASHINGTON (AP) — You should receive 42 pieces of holiday season mail — if you're average.

That's what the Post Office Department predicted Wednesday it would handle this year for every man, woman and child in the country. The total of 8.5 billion pieces would top last season's record by about 300,000.

Causes Of Death Vary In Missouri

JEFFERSON CITY, Mo. (AP) — In gathering old records and photographing them for compact storage, Missouri's new records management agency came up with some dandies.

Included were these from old vital statistic records of death causes:

"Went to bed feeling well, but woke up dead."

"Died suddenly, nothing serious."

"Don't know. Died without the aid of a physician."

"Blow on the head with an ax. Contributory cause, another man's wife."

"Had never been fatally ill before."

Bay Cliff is a non-profit, non-denominational health camp for physically handicapped children from throughout the Upper Peninsula. It is maintained primarily through private contributions.

BARRACKS FIRE
KILLS 65 ARMY
MEN IN TURKEY

ERZURUM, Turkey (AP) — Fire engulfed a barracks filled with sleeping soldiers during the night and Gen. Fikret Eesen, commander of headquarters here, said 65 men died and 27 were injured.

Investigation established that the blaze was caused by the explosion of a gasoline tin near a stove.

A number of the victims were reported trampled to death as soldiers awakened by the flames rushed for exits.

Erzurum is 450 miles east of Istanbul.

In Service

DAVID ALLAN Moersch

BMSN, U. S. Navy, son of Mr. and Mrs. Clyde Moersch,

323 S. 10th St., Escanaba

left home Nov. 28th after a short leave. He entered the Navy in July 1965 and after recruit training at Great Lakes, Ill., he was stationed on the U. S. S.

Yosemite at Newport, Rhode Island. In September, 1966 he was transferred to Navy schools at Colorado and Long Beach, Calif., where he was trained in small boat handling and survival. He is now stationed at Saigon, Viet Nam where he is attached to the Harbor Defense Unit.

Bircher Claims Aid To Reagan

16% Fail To Vote: City 'Purges' Voter Register

LOS ANGELES (AP) — Robert Welch, founder of The John Birch Society, says its members helped to elect Republican Ronald Reagan governor of California, the Los Angeles Times reports.

A spokesman for Gov-elect Reagan said: "Mr. Welch has a right to his opinions, which often have been proved wrong, but we prefer to think that it was the voter of the millions of concerned Californians that were responsible for Mr. Reagan's election."

A spokesman for Gov. Edmund G. Brown, who was defeated by Reagan in November, commented: "It's what we've been saying all along."

In the December bulletin to the Birch Society membership, the Times reported today, Welch said the group took no position in the gubernatorial campaign.

A spokesman for Gov. Edmund G. Brown, who was defeated by Reagan in November, commented: "It's what we've been saying all along."

The city clerk pointed out that the 1,168 who are being notified that they have 30 days to keep their voting registration, represents nearly 16 percent of the city's total registration of 7,475.

"Some of those who have not voted in two years and are being notified are men in the armed forces," said Clerk Guindon. "Others are students, some are citizens who just vote in presidential elections, and that was back in 1964—and of course, some are the names of persons who died or moved here from the city."

Of the total 1,168 there are 170 in Precinct 1, 98 in Precinct 2, 133 in Precinct 3, 141 in Precinct 4, 165 in Precinct 5, 178 in Precinct 6 and 285 in Precinct 7.

The notices to the delinquent voters will be going out of the clerk's office this week, and it will be their responsibility to return the cards to re-establish their registration if they are to vote in up-coming elections.

16% Fail To Vote:

City 'Purges' Voter Register

There are 1,168 names on the Escanaba voter register that are being removed in the annual "purge" of those who failed to vote in any election in the city within the past two years, it is reported by City Clerk Don Guindon.

The action is in conformity with state election laws that say that voters who haven't cast a ballot in two years will seek to gain the re-registration of the rolls next month—unless they indicate they want to remain eligible.

The Michigan Municipal Clerk's Association feels the law that requires citizens to cast a ballot at least once every two years or lose their eligibility is a good one, Guindon said.

"The election law requires us to purge the rolls of 'dead wood' and this places the responsibility to maintain voting eligibility on the individual citizen, where it belongs," Guindon said.

Persons who return the cards being sent out by the clerk are automatically restored to voting status. Those who do not return the cards must re-register before they can vote.

MARINE PVT. Joseph N. Vardian, son of Mr. and Mrs. Anthony Vardian, 328 S. 17th St., Escanaba, graduated from eight weeks of recruit training at the Marine Corps Recruit Depot at San Diego, Calif. He will now undergo about three weeks of individual combat training and then, after leave at home, will report to his first Marine Corps assignment.

Water Level Low

LANSING (AP) — Ground water levels in Michigan remained generally below average in November, although increases were recorded in some shallow wells. The U. S. Geological Survey reports. Above average levels were recorded at key wells in Gratiot, Marquette, Kalamazoo and Roscommon counties.

The Pendulum Changes

This newspaper and all the others in America has been under a trial of secrecy by law enforcement officials and prosecutors. It grows out of the new directions given to policing practice by the U. S. Supreme Court in its concern over the miscarriage of justice in the case of the accused offender who is without funds to defend himself.

The courts, of course, can appoint public defenders for persons charged with felonies who lack the means of their own defense, but this aid comes rather far along in the chain of process in a criminal trial and by that time the accused man's rights have been so violated that it is difficult for him to get a fair trial.

The Supreme Court's actions were directed more at the lower courts and the bar and prosecutors than at the mass media, but it hit them, too, as in the Dr. Sam Sheppard case in Cleveland, where a murder trial was turned into a publicity charade.

The court's action put law enforcement officers in a fix. The familiar procedures for preparation of a case for criminal trial has been destroyed or brought under legal question. Confessions, for instance, were believed out the window. The law officers at every step of the process of arrest and interrogation were to remind the accused person of his rights not to comment and to have counsel.

Police officials, confronted with a natural difficulty of stopping lawbreaking in a period of great increase in crime, thought that the rug had been pulled from under them. They thought that there was too much concern for the accused and not enough for the accuser; that in its effort to protect the innocent among the accused the Supreme Court had made it extremely difficult for law officers to assemble evidence that would lead to jury conviction of the guilty.

Plagued by this uncertainty law officers clammed up much more than they need have in reporting arrests to the press and other mass media. The recent meeting of the Wisconsin Associated Press was told that some Wisconsin prosecutors and judges have withheld from the public much more pretrial information on crimes than was suggested in guidelines laid down by federal law enforcement agencies and the state attorney general. Editors said that some local officials had refused to say virtually anything about crimes. Racine cited situations in which the prosecutor gave only "name, rank and serial number" in criminal cases.

But the public right to know can be reconciled with the accused person's right to a fair trial and the legal process seems to be moving in that direction after a general misdirection of secrecy following the federal action.

The Supreme Court of Pennsylvania has said that the states have misinterpreted the rulings and bent much too far in sheltering the defendants. It cited cases where courts have thrown out voluntary confessions because they were made before the police had a chance to inform the confessor of his right not to talk.

In a decision overruling a lower court, which had suppressed a woman's voluntary confession in the death of two boys, Pennsylvania Justice Michael Musmanno wrote: "There is nothing in the federal or Pennsylvania decisions which requires police, upon hearing a volunteered statement by anyone, to order the volunteer to cease talking."

Many judges, said Musmanno have been enforcing "supposed rules" the U. S. Supreme Court never intended to lay down.

In Michigan our State Supreme Court has backed off its earlier courts in providing free counsel and transcript of testimony for any prisoner who wants to appeal his conviction. The court has suspended indefinitely a controversial proposed court rule amendment that would have spelled out a defendant's right to counsel and free transcript (record of the proceedings in the trial.)

The rule was to have taken effect Jan. 1. Chief Justice Kavanagh said the rule was suspended "until we work it out." Counties feared the cost of a possible flood of appeals and lower court officials feared it might apply to misdemeanor cases, including traffic offenses.

The legal pendulum is swinging back toward center, sharing a concern for the public's right to protection by the law as well as a citizen's right to protection from it.

Al Morehead was Culbertson's right hand man for many years. In "Morehead on Bridge" he quotes Ely as saying: "The biggest invisible losses come when the opponents are defeated three tricks undoubtably."

We hold no brief for South's bidding. He should have passed at two spades or three diamonds but he didn't. West recognized the signs of a misfit and while he didn't have much of a hand he felt that a double would pay dividends.

If did. West opened the four of spades. The deuce was played from North and East won the trick with the king. He returned the ten of hearts. South went up with the ace and led

the deuce of diamonds. West played the three, dummy the queen and East was in again with the diamond ace.

East led the nine of hearts. South's queen lost to West's king and West led the jack of diamonds. It was allowed to hold and West continued with the ten. This was won in dummy and South led a spade to his queen.

South's next play was the deuce of hearts. He hoped this would force the jack but West won with the seven and cashed his nine of diamonds. Eventually West had to give South two club tricks but West's double had produced a 700-point penalty.

An interesting feature of the double is that if West had held a better hand in high cards for his double the penalty would never have reached the 700-point figure. Just move the ace of diamonds over to his hand and North's king and queen of diamonds would have both made tricks.

TONDAY'S QUESTION

Instead of rebidding two diamonds your partner rebids two clubs. What do you do now?

Answer Tomorrow

The New Congress Sits For His Portrait

The Doctor Says: Ann Landers

By Dr. Wayne G. Brandstadt

Frostbite, the formation of ice crystals in and between your body cells, has been called a silent enemy because it often occurs when you no longer feel the cold. Sometimes a person who works in the snow has trouble keeping his feet warm because he forgets that the temperature of the snow may be 15 or 20 degrees lower than the temperature around his head. Furthermore, a 45-mile wind at 20 degrees may be more chilling than a 2-mile breeze at -40. At high altitudes, less oxygen is available. This, too, increases the danger of frostbite. Other factors that contribute to freezing are fatigue, panic, or injury with its associated shock.

Most cases of frostbite can be prevented. If you are working at temperatures that are below freezing you should avoid overexertion but, if your work makes you sweat, take off an outer garment. Don't touch cold metal with your bare skin because metal, being a good conductor, gives up its heat rapidly and will freeze to your skin.

Don't smoke because this will constrict the small blood vessels in your skin and deprive it of needed circulation. On the other hand don't drink alcohol because this dilates these blood vessels and increases the rate of heat loss from your skin. Although this is a seeming contradiction, your body's heat-regulating mechanism works best for your protection when it is not hampered by extraneous chemical influences. Shivering and goose pimples are also part of nature's way of warding off cold injuries.

Your winter clothing should not fit too tightly. Several layers of lightweight clothing will give you more protection than a single heavy layer and an outer layer that is windproof is essential.

If, in spite of all precautions, you do suffer a frostbite you should rewarm the frozen part as rapidly as possible by immersion in water 104 to 107 degrees. Avoid using a heating pad or rubbing the injured part. Take a hot nonalcoholic drink.

If, after thawing, blisters form do not open them. The intact skin is a protection against infection. If, however, the blister breaks, remove all loose skin so that it won't act as a shield for any infection that may have been introduced.

If, after thawing, blisters form do not open them. The intact skin is a protection against infection. If, however, the blister breaks, remove all loose skin so that it won't act as a shield for any infection that may have been introduced.

President Johnson could, of course, be brought back on state occasions, like when Sister comes to call.

Dear Ann Landers: Why are

Show And Tell His Answer To Problem

Dear Ann Landers: I am interested in the letter from the spy? Many cities have a men who wouldn't let his wife health center that operates see him without a T-shirt. You on a pay-as-you-go basis and said it was probably because he was brought up to feel ashamed of his body and that he should seek psychological help.

My husband became despondent after a heart attack. His physician recommended mental therapy. My husband said he wasn't strong and refused to go. I told him that if he wouldn't go, I would go, because I had to have help in order to live with him.

I went to the clinic for help and it relaxed me so much that my husband decided to go. Now we get along together better than ever and we are both enjoying good health. Why don't you tell people? — MRS. E. C.

Dear Mrs. E. C.: I have told people, Honey — to the point where I've been accused of being paid flack for the American Psychiatric Association.

I've said it before (like a thousand times), and I'll say it again. Some folks get nothing out of therapy but doctor bills. Others find a whole new life. If a person is miserable, he owes it to himself and his family to find out if he can fit the second category.

Does someone you love drink too much? What can you do about it? For some straightforward answers, get the booklet "Alcoholism — Hope and Help," by Ann Landers. Enclose \$6 in coin with your request and a long, stamped, self-addressed envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper, enclosing a stamped, self-addressed envelope.

Aid Sect Repel Reds

By RAY CROMLEY

LONG XUYEN, South Viet Nam (NEA)—Back in Saigon, George Lawrence, Roy Blomberg, Jack Eitenhofer, Edward Beauchamp, Leland Bryson, Hubert Meloche, Jack Tobin, and Harold M. Auerbach.

South's next play was the deuce of hearts. He hoped this would force the jack but West won with the seven and cashed his nine of diamonds. Eventually West had to give South two club tricks but West's double had produced a 700-point penalty.

The Communists have bumped into dead wall in Hoa Hao territory, these friends say. Agents who move into Hoa Hao areas have no place to hide and no friends to help them. They're exposed by the farmers as soon as they move in.

The story is told of VC agents who appeared in a market place near here. The Hoa Hao women drove them off with sticks. Other agents just disappear. Sometimes their bodies are found, sometimes not.

Some experts in Saigon scoff. They say Hoa Hao territory is free because the leaders have made a deal with the Reds. Others report the Viet Cong quite some time ago killed the leader of the Hoa Hao; these people, they say, have not forgotten.

Neither of these "explanations" seemed to tell the whole story. So this correspondent came to Long Xuyen.

We flew by helicopter to this provincial capital, then drove out into the countryside, picked a village at random.

The homes and farms we passed seemed better kept than in most places this reporter had seen in South Viet Nam. There was a neatness and order that indicated the pride of the owners in what they were doing.

In the village, we stopped at

the first roadside eating house and, after ordering, struck up a conversation with a young man sitting at the next table.

Yes, he said, he was a Hoa Hao. He was a private in the reserves. He didn't have the patient hopelessness of many farmers elsewhere. He was confident. He felt he and his unit could handle the Communists. He was looking forward to the future.

We talked for a long time. My object was to find out how and why he and his neighbors were so united, industrious, so well-disciplined and competent in handling their farms and in wading off the Communists.

Could their success be expanded into other areas of South Viet Nam?

As we talked about life in this village, about religion, soldiering, work and this activity and that, finally, after much questioning, one thing came through.

It was firm in this young man's mind that he'd gotten his strength from daily family worship services at home. It was the thing that meant the most to him in his religion and in his life.

Sometimes this daily worship took the form of long family religious discussions. At other times there was silent meditation together or a short ritual. But there was something every day—with the family.

This reporter talked to other Hoa Hao that day. However the conversation started, when this reporter started probing for what gave any man of the group his strength and feeling of unity, the talk came back to the daily family worship. All Hoa Hao families, they said, worshipped together every day.

There were differences on many things in this village,

A2/C Leonard Bryant of Miami, Fla., a sentry dog handler with the 377th Air Police at Saigon, pats Nemo, 85-pound German Shepherd, at the dog hospital of the Tan Son Nhut air base kennel. Nemo was shot in the face the night before by a Viet Cong guerrilla at whom the dog lunged in a small cemetery where remnants of the infiltrators were holed up when smelled out. The 4-year-old dog will live. The guerrilla's shot gave away his position and an air police patrol gunned him down. (AP Wirephoto by radio from Saigon)

New Sail Fleet Plans Underway

Plans for a new "El Toro" dinghy fleet and organization of "seagull" class racing committees have been completed by the Escanaba Yacht Club.

Committees formed were a race committee, which encompasses all sub-committees and reports directly to the EYC. This committee is headed by Walter Lewke, commodore of the club, and Walt Zimmerman.

Sub-committees formed were a Course and Buoy Committee,

a Protest Committee to handle infractions of the racing rules, a Mooring Committee to keep anchorages in proper line, a Publicity Committee, and a Cruising Race & Dinghy Sailing Committee.

Birth of an "El Toro" sailing dinghy fleet to promote sailing on a junior level was announced.

The dinghies will be privately built and owned at first, but it is hoped that in the future a number of boats will be available.

MANISTIQUE

Foreign Aid Is Debate Topic

Upper Peninsula high school debaters this year are arguing the issue of limiting the foreign aid program of the United States to non-military assistance.

The first practice tourney is Dec. 10 at Marquette and the second Jan. 15 in Neoguana. Finals will be Feb. 10-11 in Marquette.

The Manistique squad this year has seniors Marcia Papas, Robert Davidson, Mary Dougherty and Peter Matheson; Kar Johnson of the junior class; Farrell Golas, Pat Creedon, Marcia Nubble, Mary Beth Watters and Pam Putvin of the sophomores and Jim Sikarskie, Larry Peterson, Linda Gilliam, Laurie MacGregor and Laurie Nubble of the freshman class.

Marvin Fredericksen is varsity coach and J. L. Giovannini, reserve coach.

Briefly Told

Omar Olaf Olesen, 37, of Thompson was given notice to appear by Public Safety officers for failure to stop in assured clear distance after an accident at 8:15 a.m., Wednesday at the Chippewa-Dear intersection. Officers said his car slid into another driven by James L. Jackson, 26, of 201 New Elm.

State Police ticketed Cecil E. Hinson, Grose Pointe Park, and Timothy R. Krueger, Marquette, speeding.

Fines of \$25 and costs of \$6.70 were paid in Justice Court by Robert T. Thomas, Watervliet and Jerome J. Schmidt, New Baltimore, on charges of failing to completely validate deer tags.

Memphis Man Is Held In Slaying Of Sullenberger

MEMPHIS, Tenn. (AP) — A Memphis man was charged Wednesday in the slaying of Dr. Neil H. Sullenberger, a physician who drew public attention for his conduct at General Hospital in Pontiac, Mich.

Police charged Clyde E. Triplet, 21, with first-degree murder, saying he had "freely and voluntarily" confessed to Dr. Sullenberger's death.

Details of the slaying or Triplet's statement were withheld by authorities who said that further information would not be revealed until Triplet is tried.

Four youths arrested Tuesday because they had been in possession of Dr. Sullenberger's automobile led police to Triplet, Commissioner Claude Armour said.

Dr. Sullenberger, 51, was suspended from the staff of the Pontiac hospital Nov. 13, 1967, when he was accused of 25 instances of unprofessional conduct.

THANK YOU!

We would like to take this means to try and thank our many friends and relatives for helping make our recent wedding such a success. We would like to thank those who furnished food and helped to serve it, the person who made the beautiful wedding cake, Fr. Joseph Charbois, and for all the gifts and money that was received. For this we will be forever grateful.

Mr. and Mrs. Cecile Gondor

Parent Group Meeting Children's Unit — Newberry State Hospital, Saturday, 10 a. m. Business follows from 2 to 3 p. m. Parents & interested persons invited.

K-C Christmas Party Dec. 12 at 8 p. m. K-C club rooms. \$1 gift exchange. All Knights and Prospective Knights are invited.

Atwater Extension study group Christmas dinner 6:30 p. m., Monday, Dec. 12 in the home of Mrs. Ludwig Hough. Husbands will be guests. Members are to bring table service. A white elephant gift exchange is planned.

Schoolcraft Soil Conservation district directors meet Monday, Dec. 12 at 8 p. m. at the Everett Lasey residence in Germfask.

Schoolcraft District LPNs will hold a Christmas Party at the Surf at 6:30 p. m., Dec. 14. \$1 gift exchange. Reservations should be made with Mrs. Clyde Tank. The scholarship fund gift will be presented.

Zion Lutheran Couples Club Christmas Party will be held in Augustana Hall Sunday, Dec. 11 at 5:30 p. m. Couples are to bring table service and small gift for children.

Tech Stretches Faculty

Teacher Goes On Tape

FOUR STUDENTS study at the individual carrels in the audio-tutorial biology laboratory at Michigan Tech, Houghton.

Higher education is facing a serious problem these days with soaring enrollments causing a shortage of faculty and classroom space. A partial solution may be audio-tutorial teaching such as that now being used at Michigan Technological University in Houghton.

Dr. Fredric H. Erbisch, assistant professor of botany at Michigan Tech, has been working a year in getting this method introduced into the university's curriculum. The result is that audio-tutorial methods will be used this year in general biology, mechanical engineering, physics and are being considered in business administration. "I believe that with this system we can teach more students, better, in less space and with a smaller staff than with any system we presently have," says Dr. Erbisch.

What is the audio-tutorial system? Basically, it means providing the components are recorded and played back at the student's convenience. All experiment instructions are reduced to some form of audio or visual reproduction.

Set At Carrel
The student receives this instruction by seating himself at a specially constructed carrel. Here he has at his fingertips all materials needed to do the course work, including a tape recorder with earphones, slides, laboratory experiment supplies, printed lesson plans and any other materials that may be needed. Plans at Michigan Tech are to also equip the 10 biology booths with individual movie projectors.

In the same room with these individual study booths there are several central teaching areas, such as a demonstration table, where students may go for additional and specialized instruction. In addition, Dr. Erbisch or graduate assistants are available for individual counseling.

One of the system's major advantages is that the course is available at the students' convenience. Students work when and as long as they want to, putting the initiative for learning where it should be—with the students themselves.

The better student may progress as fast as he wishes in a given week while the slower student has the opportunity to continually go over the material until it is learned.

More Flexible
Flexibility is another asset. In the normal classroom-lecture situation an integration of experiment, observation, text reading or other appropriate activity is not possible. In the audio-tutorial system this is quite practical.

Still another advantage over the old classroom lecture system is the quality of instruction. "Since a professor records his own course tapes," Dr. Erbisch states, "he can go back over the lectures, edit them carefully and continually improve the quality of his presentation. He can also incorporate the very latest findings into a course with a minimum effort."

What are the disadvantages? Opponents claim this method of teaching is too impersonal, taking the professor out of the teaching process. "However, I believe this is not true and there is actually more contact," Dr. Erbisch explained. "I prepare my own tapes so the individual students actually re-

cieve a type of individual tutoring; he may replay my remarks as many times as he likes. In addition, by preparing these tapes in advance, I have more free time for personal, individual consultations with those students who need them. With one professor handling over 100 students this way there is obviously more personal contact than lecturing to the same 100 in an auditorium."

Started in 1965
This fall approximately 90 students are doing their basic biology lab work in the audio-tutorial classroom. During the coming winter quarter the general biology enrollment of approximately 250 will be split. Half will be in the old lecture system with the others in the audio-tutorial course. Plans call for eventually programming the entire course into an audio-tutorial system, except for weekly guest lectures and informal discussion or testing sessions.

In physics Professor David Chimino is using a form of audio-tutorial teaching for the laboratory phase of his "Basic Electrical Measurements course."

In mechanical engineering M. D. Laitinen, instructor, and Professor W. C. Fitch are working on a pilot program in "Engineering Experimentation." This course will be offered during the coming quarter to about 24 students with two hours a week spent in recitation and the laboratory portion being taught audio-tutorially.

Earliest possible date for Easter is March 22, latest date is April 26.

1,453 Graduate

EAST LANSING (AP)—Michigan State University will award degrees to 1,453 students at fall term commencement exercises Saturday. Main speaker will be Dr. Stephen J. Wright, president of the United Negro College Fund of New York. Dr. Wright also will receive an honorary degree.

The move came as Zambian copper shares for the Anglo American Corp. and the Roan Selection Trust plummeted on the London Stock Exchange following neighboring Rhodesia's rejection of a British proposal to end the rebellion against Britain.

The production increase follows earlier cutbacks of 34 per cent because of an announced shortage of coal imports from Rhodesia.

Sources here predicted an immediate recovery in share prices.

Authoritative sources said the major reason for stepping up production stems from an increase in oil imports through the Congo.

The oil is used in furnaces at Mufulira Mine owned by the Roan Selection Trust, in which American Metal Climax has a 46 per cent holding.

The sources estimated cutbacks have cost \$30 million in lost production.

Women's Activities

**Mae Meadow,
Cecil Gonder
Wed Saturday**

ISABELLA—Mrs. Mae Meadow of Isabella and Cecil Gonder of Cooke were married Saturday, Dec. 3 at the St. Andrews Catholic church in Nahma at 4 p.m. Eugene Johnson of Isabella and Mrs. Eugene Meadow of Cooke were the attendants and Rev. Charlebois officiated at the nuptials.

A reception was held for 300 guests at the Isabella Community Hall from 6 to 8 p.m. The wedding cake was made by Mrs. Agnes McMieni and the hall was decorated with blue, green and white streamers.

Mrs. Gonder was dressed in a two piece teal blue and green dress with black accessories and a corsage of mums. Mrs. Eugene Meadow wore a royal blue dress with white accessories and a corsage of mums.

Out of town relatives and guests attending the wedding from Fond du Lac, Milwaukee, Green Bay, Mr. and Mrs. Mike Meadow of Oxford, Mich., Mr. and Mrs. Wayne Gonder of Detroit, and the surrounding area.

Mr. and Mrs. Gonder will make their home in Cooke, Michigan.

Harvard Becomes Coed Institution

CAMBRIDGE, Mass. (AP) — Radcliffe girls have made another inroad at Harvard University.

Beginning with the spring term, the 1,200 Radcliffe undergraduates and 600 graduate students will be allowed to use the previously male-only Lamont Library at Harvard, library director Merle Fainson announced Wednesday.

The process that has seen Harvard become coeducational will be complete then except for social clubs, which will remain exclusively male.

More people get more news from newspapers than from all other sources combined.

Schaffer

Mary Gauthier and her grandmother, Mrs. Eli Taylor

Racicot and friends Mary Jo Quette recovering from a heart

were remembered with gifts. Word was received by relatives that Fred Morin, a former resident of this area is seriously ill in Memorial Hospital in home Sunday evening, the occasion of their birthday. Also Iron Mountain.

Mrs. John Givens and children of Pontiac is visiting with her parents, Mr. and Mrs. Joseph Potvin.

Mrs. Ed. Meyers returned

from a visit with her children Lucien Poisson of Wilson is in Milwaukee, Niles and Chicago.

It certainly is a cheer-upper!

Helen Thornton

Dear Heloise:

When I no longer need a household article, I try to find another use for it.

For instance, I painted an old metal bread box and keep it next to my sewing machine. Inside of it I have a plastic silverware divider in which I have arranged thread — all shades of pinks and reds in one section, blues in another, etc.

I also use an old fishing tackle box (the kind with two shelves that pop up) for binding, tape, and scissors. In the smaller sections of the top shelf, I keep snaps, buttons, tailor's chalk and pins.

It's very handy to have things pop right into view.

Helen Hartman

Dear Heloise:

I put a heavy rubber band around my jar of instant coffee, and stick my measuring spoon handle up under it.

I never have to root around to find it in a drawer among other spoons. The measuring spoon is always just where I need it.

Emma Pregnall

Dear Heloise:

When painting the woodwork, I use a sour cream or cottage cheese plastic container to hold the paint.

Great to carry along as you move from one place to another without having a heavy, clumsy gallon can to lug around.

After painting, just pour the leftover paint back into the gallon can and toss out the small carton.

Mrs. Earl Thompson

Today's Recipes

Newspaper Enterprise Assn.

A reader wants to know the difference between rutabagas and turnips. The answer is that rutabagas are different in shape and appearance, generally yellow-fleshed, whereas the turnip is white-fleshed. Rutabagas are grown in northernly latitudes, contain more vitamin A than turnips, and are well-endowed with other nutrients. They make a crisp and flavorful meat accompaniment.

Savory Rutabaga
And Potatoes

3 cups (1½ pounds) diced fresh rutabaga

2 cups (1 pound) diced fresh potatoes

1 cup chicken or beef stock

1 teaspoon salt

1 tablespoon flour

½ cup chicken or beef stock

2 tablespoons butter or margarine

½ teaspoon ground black pepper

Chopped parsley (Optional)

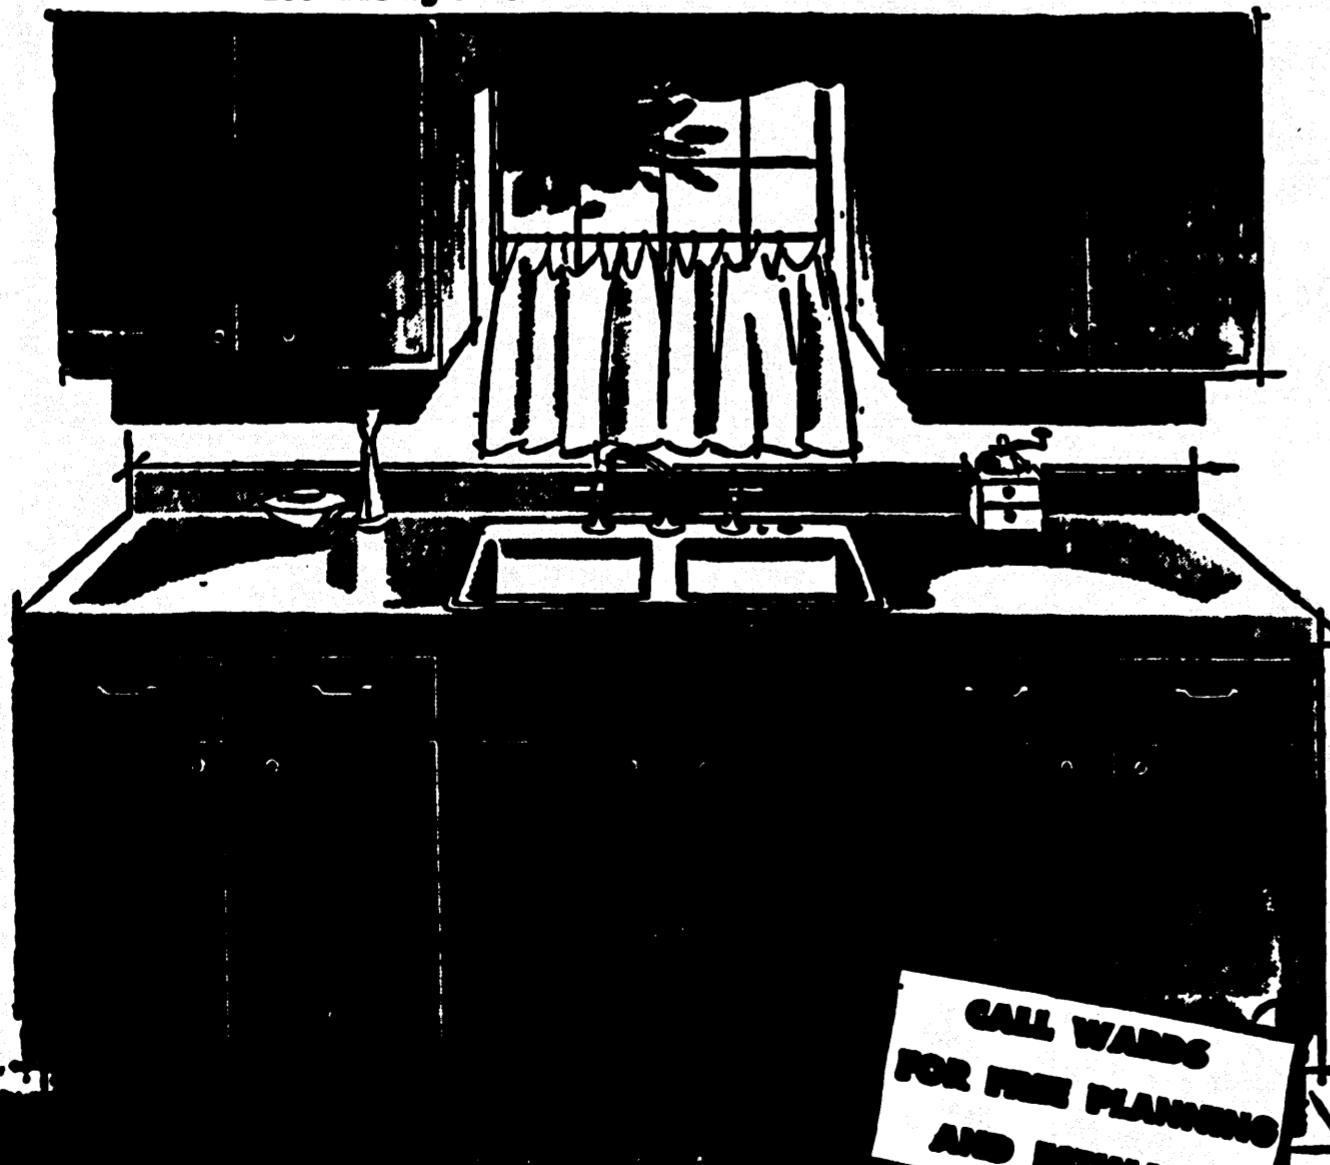

Combine rutabagas, potatoes, stock and salt in saucepan. Bring to boiling point without cover and boil 8 minutes. Cover and cook until tender, about 20 minutes.

Mix flour with the ¼-cup of chicken or beef stock and mix until smooth. Add to rutabaga and cook until slightly thick.

Add butter or margarine and black pepper. Serve hot garnished with fresh parsley, if desired. Six servings.

Lions Auxiliary Holds Annual Holiday Party

The Rapid River Lions Auxiliary held their Christmas party at the Dells Supper Club Tuesday with 11 members and guests attending.

A short meeting was held following the dinner and pictures were made for the venison feed to be held Saturday, Dec. 10. Instead of exchanging gifts this year the group sent a donation to the John F. Kennedy School. Members were also reminded of the spaghetti feed to be held in February.

Members attending were, the Madames, Cari Carlson, Marsha Duprey, Robert Ferguson, Robert Hawes, William Hanes, Don Klein, Phil Miron, Lou Moran, Ralph Nordquist, John Fendergraft, Joe Rademacher, Robert Schmitt, Jerome Stanhard and Earl Tryan.

**Sisters Of
St. Francis
Host Luncheon**

The Sisters of St. Francis Hospital entertained members of the hospital auxiliary at a luncheon on Tuesday at 12:30 p.m. in the doctor's conference room.

A Christmas motif was carried throughout and the dining table featured boughs, Santas and reindeer. The decorations were arranged by Sister M. Hilaria, dietician.

Mrs. Irwin Gibbs, president of the Auxiliary welcomed the guests and Sister M. Hildegarde, administrator, gave a brief welcome speech and thanked the auxiliary for their cooperation this past year.

Joseph J. Laskar, associate administrator, also spoke briefly to the guests and thanked the auxiliary for their fine gifts of the past year. They included furnishings for the X-Ray waiting room and a S.P. blood collecting chair and table ensemble.

Cards and a social hour followed the luncheon.

An important business meeting will be held Jan. 4 at 2 p.m. in the doctor's conference room. The board of directors will meet at 1 p.m.

**Band Mothers
Card Party**

The Holy Name High School Band mothers are sponsoring a public card party at 8 p.m. today in the multi-purpose room of Holy Name High School. Bazaar items will also be available in the Christmas booths.

Mrs. Joseph Ball is general chairman of the affair assisted by Mrs. Michael LaPine, Mrs. Rupert Priniski, Mrs. Arnold Williams, Mrs. Ed Miller, Mrs. Joseph Lasnoski and Mrs. Joseph Kroll.

Tickets are available only at the door.

Mrs. Richard Duchaine

**Pamela Craig Bride
Of Richard Duchaine**

Miss Pamela Craig of Lebanon, Ohio, and Richard H. Duchaine of Lansing exchanged marriage vows at 2:30 p.m. Saturday, Nov. 26 at the Lebanon Presbyterian Church.

The Rev. J. Taylor McHenry officiated at the double ring nuptials.

The bride is the daughter of Mr. and Mrs. Lewis R. Craig of Rte. 1, Lebanon and Mr. and Mrs. William J. Duchaine of Lansing are the parents of the bridegroom.

The bride, given in marriage by her father, wore a floor length gown of taffeta and organza styled with a scoop neckline and controlled skirt accented with re-embroidered Alencon lace.

Her headpiece was a shoulder length lace mantilla and she carried a cascade arrangement of snow crystal pompon centered with a corsage of phalaenopsis orchids.

Gold Chiffon

Attending the bride were Mary Beth Parkin of Chicago as maid of honor, Bonnie Luke of Cincinnati and Linda Brookes, were bridesmaids. They were attired in floor length gowns of gold chiffon over satin. Matching gold head bows completed their attire and they carried colonial bouquets of rust chrysanthemums.

William Skinner of Dayton was bestman for the bridegroom and seating the guests were John Schiller and Howard Allgeier.

The brother of the bride attended the wedding wearing an aqua brocade dress with matching coat and brown accessories and Mrs. Duchaine chose a three piece ensemble of beaded silk. Both mothers were presented corsages of brown cymbidium orchids.

Gold Chiffon

Following the ceremony a reception was held at the Congress Inn in Lebanon.

Home In Ohio

After Dec. 12 the couple will be at home at 9500 Springboro Pike, Miamisburg. They are presently honeymooning in Florida and Puerto Rico.

The bride received her B.A. degree from Lake Erie College and also studied at the University of Pisa, Pisa, Italy. Mr. Duchaine received his B.A. and M.B.A. degrees from the University of Michigan and both are employed at the Mead Corporation in Dayton.

HARNISCHFEGER EMPLOYEE REPORT

Paid for and published by the Harnischfeger Corporation to keep its Escanaba area employees and community friends informed about the Company.

Volume 1, Number IX

ESCANABA, MICHIGAN

December 8, 1966

Company Awards Prizes In Deer Contest

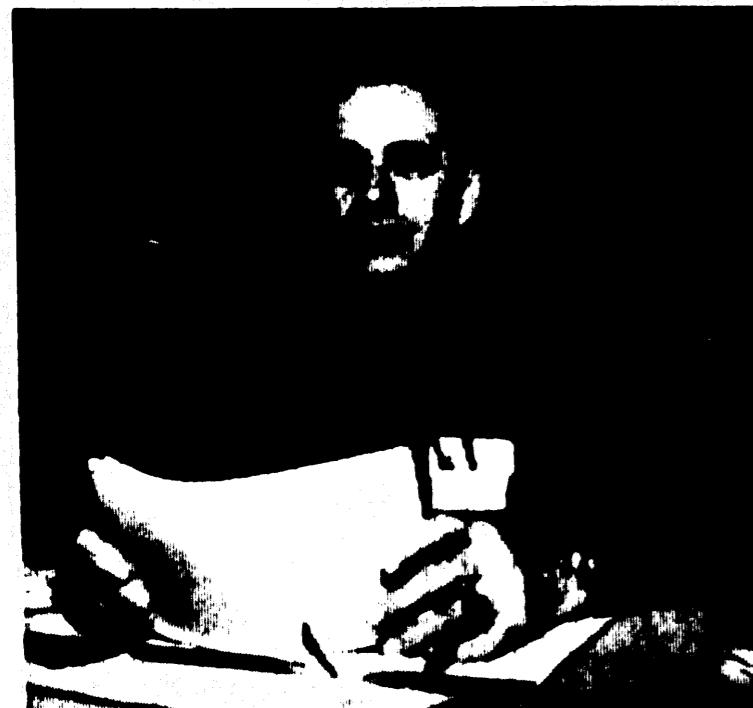

WHO'S WHO

ANN SABER, Processor, Coils, Stephenson Avenue Welder Plant, works with coil leads on P&H Welding Machines. Ann, a 19-year employee here, operates an automatic wire processing machine soldering and tinning all types of welder unit leads. She lives at 1412 North 16th Street, Escanaba.

JOHN J. MORAS, Operator, Gear Cutter-Hobber, TC2 Plant, does internal and external machining operations on various spur and helical gears, and also cuts splines on shafts. John has worked for Harnischfeger 19 years. His home is at 220 North 19th Street, Escanaba.

WILLIAM J. THOMAS, Material Analyst, TC1 Plant, works in the Material Control Department handling requests for service and repair parts from Harnischfeger's main plant in Milwaukee for P&H dealers and other customers. Bill performs job evaluation duties also. An 18-year-employee, he lives at 1918 5th Avenue South, Escanaba.

A Christmas Wish For Our Employees

The season for joyous celebration now comes to crown another year of our lives with the spirit of Peace and Goodwill among men.

Shall we then remember, as giving and receiving gifts become the order of the day, the Greatest Gift to mankind.

May the light from the Bright Star of Bethlehem shine through any cloud that would darken your lives.

May the same glad tidings which came to the shepherds of old, ring in your ears on Christmas Eve.

May Christmas morning bring reasons for much happiness for your families.

May the new year ahead provide new opportunities for all which can be received with Thanksgiving.

John J. Moras
Manager Harnischfeger Welder Plant

Suggestions Pay Off For Seven More Employees; Total Of \$569 Awarded For Usable Ideas

Coming just in time for the Christmas holidays were cash awards totaling \$569 handed to seven Escanaba area Harnischfeger employees who submitted suggestions that were adopted by the Company.

Highest individual amount of \$282 went to Ralph McGahey for his idea of re-routing tap switch leads on P&H Rotary Welding Machines. Ralph's improvement

reportedly saves 10 feet of lead wire for each unit. McGahey is a Tester at Harnischfeger's Venus Building welding operations.

Second highest award was earned by Noah Marcoe Jr., Welder, Magnet Frame, Venus Building. Marcoe received \$136 for suggesting the use of fiberglass tape in place of steel banding on welding unit cross field coils.

Current and second year award winners are:

Name	Amount
Noah E. Marcoe Jr.	\$136
Joseph P. Vlau	15
Richard S. Peterson	41
Della M. Lemerand	75
Charles E. Gouin	10
Ralph McGahey	282
John J. Closs	74

Second Year Awards

Robert C. Martin	\$22
Ralph McGahey	74

MORTGAGE FACES FIRING SQUAD

IN THE PHOTO ABOVE, Vic Herrea took aim at the 3-year old paper. Giving him shooting advice were, left to right, Clyde Ward, Frank Wilhelm, Orville Larscheid, Bill Severinsen, Arnold Johnson, Pat Sullivan, Gregg Johnson, Bill Tourangeau, Randy Krolovetz and Garry Soderman.

Most people would settle for merely burning the mortgage when that last payment is finally made, but not so for Escanaba's

What better way to mark the final payment on their club house than to ride the legal document with live ammunition.

And so they did, on Saturday, November 6 at the

club grounds. Standing back at a 50-yard range, members celebrated the event by firing at the mortgage with a variety of weapons, including 22's, deer rifles and shotguns.

Employee Teaches P&H Welder Assembly In Mexican Plant

procedures, Harnischfeger sent Ralph McGahey, a veteran Escanaba area employee with 14 years experience in testing and assembly work. McGahey left Escanaba on Saturday, November 13 and returned here Thanksgiving Day, November 24.

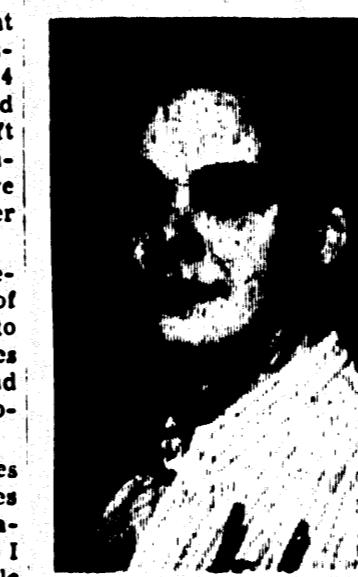

Working through interpreters, Ralph taught a total of 18 Comet employees how to build MG and WNG Series P&H Welding Machines and also how to perform test procedures on this equipment.

"On other welding machines they build it normally takes them 3 days to assemble a machine, but with our units I taught them how to assemble in 3 to 4 hours," Ralph explained.

Commenting on the people there, McGahey lauded the friendliness and cooperation of the men he worked with at Comet, stating that "they were really a fine group, very attentive and eager to learn."

He also liked the mountain air of San Luis Potosi, mentioning that each day was warm and sunny, the only "bad" weather being early morning dampness.

Did he sample any enchiladas or tortillas? "I stuck strictly to American food. That's the best kind," Ralph said.

Philip Creten Promoted To Post As Welding Foreman

Harnischfeger's Escanaba Management recently promoted Philip Creten, above, to the position of Foreman, Second Shift, at the Stephenson Avenue Welding Operations. Phil began his new duties on Thursday, December 1.

A 14-year employee of Harnischfeger here, Creten has gained wide experience in P&H welding procedures, working at a variety of assignments at the Company's welding plant. He now reports to John Baker, Welding Plant Superintendent.

John Froberg Is Veteran Plane Pilot

When Henry Levesque takes his one hour plane ride as an award for bagging the second largest deer in Harnischfeger's hunting contest (see story above), he will be riding with a veteran pilot.

John Froberg, Welder, Sheet Metal, at the Company's Stephenson Avenue Welder Plant, is a 16-year employee of Harnischfeger and an airplane pilot with 20 years experience.

His enthusiasm for flying started in 1938, helped him through World War II as an air force pilot in the South Pacific, and has given him many hours of entertainment since.

*Happy Yuletide Season
To All
Harnischfeger Employees*

James Potvin Wins First Prize With 235 Pound Buck; Henry Levesque's 212 Pounder Nets Second Place

PICTURED AWARDING United States Savings Bonds to two of the three top winners was Howard Fontaine, Manager, Personnel and Industrial Relations. Bond recipients, left to right, were Don Olson, James Potvin and Henry Levesque, far right, won an air tour for his hunting skill.

Michigan's Upper Peninsula is missing some deer thanks to the zeal of Harnischfeger's Escanaba area deer hunter employees. Adding to their zest for hunting this year were two U. S. Savings Bonds plus cash prizes offered by Harnischfeger's Escanaba Management.

The savings bonds and \$5 cash amounts were prizes in an employee deer contest here from Friday, November 12 through Monday, November 28.

A \$50 savings bond went to James Potvin, an Assembly Grinder at TCI, for killing the biggest deer, a 235-pound, 11 point buck.

The second biggest deer was shot by Henry Levesque, Operator, Drill Press, Radial, TCI. Henry came back from the UP woods with a 212 pound, 14 point buck. His award: a one hour air flight in a plane belonging to John Froberg, Welder, Sheet Metal, at Harnischfeger's Stephenson Avenue Welder Plant.

Don Olson, Assembly Welder at Truck Crane Plant No. 1, received \$25 in United States Savings Bonds for bringing in the smallest deer, a spiked buck weighing 100 pounds.

Deer hunting contestants recorded their "kills" on slips of paper and placed their entries in a special contest box. Daily, from Monday, November 14 through Monday, November 28, drawings were held to determine the cash award recipients.

Winners of the \$5 daily prize

TO EMPLOYEES OF HARNISCHFEGER'S ESCANABA TRUCK CRANE PLANTS...

Of all the holidays celebrated during the year two are different from the rest. They transcend all nationalities and were not decreed by man.

Easter would not occur were it not for Christmas. So Christmas is a time apart from the rest. Christmas celebrates a holy birth and the emergence of Christendom. It is celebrated by story, song and the giving of gifts. It is celebrated by deeply moving religious ceremony.

It is a time when people feel friendlier, more considerate, more tolerant, and more charitable. It is a time when we are most likely to enjoy a view of our world through the happy eyes of the very young.

This has been a vigorous year and a successful one here, despite the problems that have occurred. I want to express my thanks and appreciation to all truck crane employees who have helped make it such a gratifying year.

May I also take this opportunity to wish you and your families a very Merry Christmas and a safe Happy New Year.

*Plant Manager,
Escanaba Truck Crane Operations*

Santa and the Giant Fighter

By Lucrece Beale

"Billy, you are our one chance!" said Santa.

Synopsis: Billy the Giant Fighter travels to Santa Land to slay the wicked giant who has captured the Fairy Queen and plans to capture Santa Claus.

CHAPTER FOUR
PATRICK
TWEEDLEKNEES

Billy the Giant Fighter burst through the door of Santa's house. He didn't even knock.

"Good gracious!" cried Santa. He had been pacing up and down in front of his fireplace. He stared at Billy in astonishment. "Who are you?"

"I'm ready to fight!" announced Billy loudly. He swung his sword back and forth a few times but he felt a little silly because there didn't seem to be any giants around.

"Throw him out!" shouted a furious voice from the corner. "Look what he's done to my papers!" A short bowlegged dwarf was jumping up and down and pointing angrily to a sea of papers which the breeze from the open door had flung all over the room.

"I'm sorry," stammered Billy putting his sword back in his belt. "I thought — I thought —"

"You didn't think at all!" bellowed the dwarf. "Let me tell you things are bad enough without —"

"Quiet Tweedleknives!" Santa turned to the boy and said gently. "You must not mind Patrick Tweedleknives. He is old and grumpy and he has much on his mind. A wicked giant named Goko has captured the Fairy Queen. He has taken the moon from the sky and promises to take me, too, when I ride on Christmas Eve. Then he will marry the Queen, gain possession of all her magic, and he himself will rule the world."

"Tweedleknives has been playing with all the letters of the alphabet to discover the magic words that will free the moon. But it's all useless, I'm afraid, because the Queen has said that only a real live boy who behaves in giants can save us all."

"I'm the boy!" cried Billy eagerly. "I'm Billy the Giant Fighter. An elite sent me here."

"Giant Fighter!" sneered Patrick Tweedleknives. "You look like a goldfish fighter. How many giants have you fought?"

"Not many. Not any, really, I guess. But I can! I know I can!"

Santa took the boy's hands in his. "Do you truly believe in giants?"

"Oh, yes!"

"Thank goodness!" cried Santa smiling. For a minute he looked cherry and pink the way Billy had always imagined he would look. Then he turned sad again and said, "Billy, you're the one chance we have to save the Fairy Queen and Santa Land. But Goko is strong and

A practical gift,
that's practically
perfect

To some, a practical gift is as welcome as a rainy weekend.
To others, it's just the right answer.

Here's a practical gift, that's practically perfect:
an A&P Gift Certificate.

A handsome certificate with a mailing envelope,
available in all A&P stores all year long.
Offered in \$5 and \$10 denominations, these gift certificates
will be honored in any A&P store in the United States.

When you think about it,
practically anyone who buys food would welcome it.

And here's the best part—no one can ever get too many of them.

Personals

Mr. and Mrs. Einar Olson, 611 Michigan Ave., returned home after spending the past three weeks visiting members of their family. In Milwaukee they visited their son Richard and his family and in Chicago they visited with Mr. and Mrs. David Olson and family. They spent Thanksgiving with their daughter, Margaret, Mrs. William Trudell, and her family. Then they visited their daughter, Janet, whose husband Robert Nettin, who has just recently been promoted to Chief electrical engineer in the mid-west area for Sears. The Nettins reside in Park Ridge. Enroute home, the Olsons visited the Westberg family in Kalama-zoo.

Rock

Mrs. Lillian Roberts, Maple Township treasurer, will be collecting real and personal taxes, starting Dec. 10 through Dec. 17 and every Friday and Saturday thereafter until Feb. 28 from 9 a. m. until 5 p. m. at her home.

Until Feb. 15, there will be 1 per cent collection fee, thereafter it will be 4 per cent until Feb. 28. After Feb. 28, she will not have the books, and taxes will have to be paid at the Delta county courthouse. Dog tags are also available.

There will be no church service at the Rock Faith Lutheran church on Sunday, Dec. 11. Services will be held at the Bethany Lutheran church in Perkins, with Pastor George Olson of Rapid River, conducting the service.

The Rock 4-H club will meet at the Rock Lions clubhouse for its Christmas meeting and program.

More people get more news from newspapers than from all other sources combined.

gram on Wednesday, Dec. 14 at 7 p. m. A short business meeting will be followed by a Christmas program. Gifts will be exchanged. Parents are invited.

Briefly Told

State Police issued traffic summonses Wednesday to Dana Austin, 607 Michigan Ave., speeding and no registration of proof of insurance, and Kidford Freeman, Quinnesec, no operator's license.

Joseph Sants, 38, of Rte. 1, Escanaba, escaped injury at 4:15 p. m. Wednesday when he took to the ditch to avoid colliding with another car at a Rd. 537 about one mile north of County Rd. 521 in Ford River Township. State Police said because of the crossing grade, he failed to see the other car.

The Gladstone Board of Education and representatives from Rock, Trenary, Rapid River, Perkins, Brampton and Escanaba Township schools will meet to hear a presentation on "What Is An Area Study" Monday, Dec. 12. Date of the meeting had been previously reported as Tuesday.

Women Rout Two Jewelry Bandits

DETROIT (AP)—Two women foiled a jewelry store holdup. Mrs. Irene Lambert, 64, wife of the store owner, and her cousin, 35-year-old Agnes Crawford, struggled with two bandits.

One hit Mrs. Lambert with his gun butt, but she pressed an alarm button, and the bandits fled.

EIGHT NEW full-time members of Bay de Noc Community College's faculty are, from left, bottom: Kenneth L. Sanderson, Richard G. Buckstar, Charles L. Tooman and Charles A. Sigmund; top: Lyman Rate, James Blaisdell, George A. Peterson and Richard L. Verch. (Daily Press Photo)

Backgrounds Vary Widely:

Eight Join Bay Staff

Eight new full time people joined the Bay de Noc Community College faculty this year from many states, including Wyoming, Wisconsin, Ohio, Pennsylvania and Michigan. Two more full time faculty members of other colleges, four were teaching college courses on a part time basis, while finishing degrees, and two were full time high school faculty members. Six are married and brought their families to Delta County.

James Blaisdell with a master's degree in history from the University of Wyoming and a bachelor's degree from Dartmouth, came to the college from the University of California, Davis Branch. Blaisdell spent three years in the Army.

Newberry Gift Deadline Nears

Donald Breault, president of the Escanaba Lions Club, today reminded residents that deadline for submitting Christmas gifts for patients at Newberry State Hospital is Thursday, Dec. 15.

The Escanaba club is participating in the 8th Upper Peninsula drive by District 10 Lions clubs to insure that every patient at the hospital is remembered on Christmas. Gifts will be taken to the hospital by Clairmont Transfer Co.

Breault said there are more adult patients at Newberry than children and he urged residents to keep this in mind when purchasing a gift. Collection centers in Escanaba are Thyberg's, Inc., Gust Asp's and Manning's Shoe Store.

Some of the more popular gifts, Breault suggested, are cigarettes, candy, new clothing, tobacco, nylon hose, sewing and embroidery sets, slippers, gloves, men's and women's toiletries, cosmetic, jewelry, wall art, games, belts, socks, paint by number sets, aprons and scarves.

If gifts are wrapped, Breault said, please label them for man or woman or indicate by tag what the package contains.

Last year, over 2,000 gifts were received, making at least one package available for every patient at the hospital.

Holiday Closing

CHICAGO (AP)—The Chicago Board of Trade will be closed Dec. 26 and Jan. 2 in observance of Christmas Day and New Year's Day.

The board will close at noon Friday, Dec. 23, and Friday, Dec. 30.

Infantry and is a native of Oakland, Calif. Mrs. Blaisdell is teaching at the Escanaba Junior High School.

Richard Buckstar earned his bachelor's and master's degrees in geography at Eastern Michigan University. He taught at Westchester State College in Pennsylvania, has worked in various industrial situations in Wayne County, Michigan, and served in the Army for two years and in the Navy for two years. He came here with his wife and three daughters from the University of Michigan.

George Peterson received his bachelor's and master's degrees in mathematics from Northern Michigan University. He has taught at Chatham and at Sturgeon Bay, Wis. Peterson is a native of Escanaba, having graduated from Escanaba High School in 1963. Mrs. Peterson taught choral music at the Sturgeon Bay High School.

Lyman Rate received his master's degree in psychology at Miami University, Ohio, and his bachelor's degree at the University of Kansas. Rate is single and a native of Kansas.

Skate Market Opens Saturday

The used skate market at Club 314, sponsored by the Recreation Department, will open on Saturday, Dec. 10, at 2 p.m. The service will be available in the evenings from 7 to 9 on Monday, Wednesday, Thursday and Friday and on Saturday afternoons from 2 to 4. Tuesday evenings are reserved for the Golden Age Club and the Senior Citizens and the market will be closed on those nights.

Anyone with skates or ski boots to sell is asked to attach a cardboard tag with the following information: name, address, phone number, size of skates and selling price. Slightly used skates usually sell for about half of the original retail price. Only skates and ski boots in good condition will be accepted and placed on sale.

Patrons who may find it inconvenient to pick up their money after the skates are sold are asked to include a self-addressed, stamped envelope and the money will be mailed to them directly.

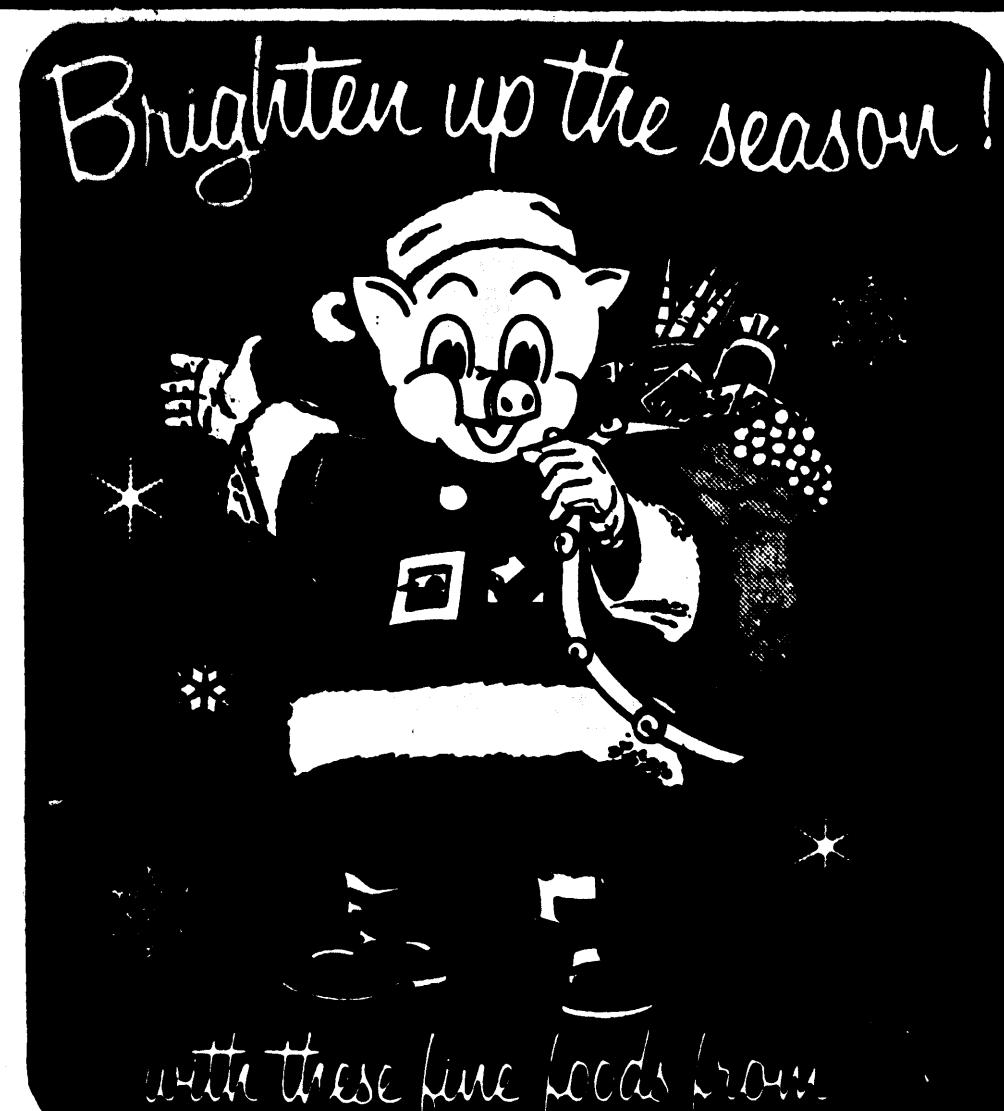

All of these services are available to residents of the area at no cost. Irene Pirlot will again be in charge. Anyone wishing further information is asked to call Mrs. Pirlot at 576-3551 after 7 on the evenings the market is open after 2 p.m. on Saturdays.

Marrier Heads Musicians Union

Chester Marrier of Escanaba was elected president of the Musicians' Protective Union, Local 663, of the American Federation of Musicians, at a meeting held at the Eagles Club Tuesday evening.

Tony Kobasic is vice president, and other officers are:

John E. DeChant, secretary-treasurer; Raymond Cartwright, business agent; Melvin Larson, sergeant-at-arms; DeChant, delegate to the international convention, and Marrier alternate delegate to the convention to be held in Milwaukee, Wis., in June.

AN ELK NAMED FRITZ that belongs to Simon Burg of Stonewall, Texas, has a problem he can't shake. The elk, which is in a fenced enclosure, got his horns tangled up in a piece of chain-link fence. Efforts to corral the animal to remove the fence failed. A veterinarian has been called to administer a tranquilizer so rescuers can get to Fritz. (AP Wirephoto)

Hero Of Ashu Battle Gets Reprimand And Forced Retirement

GROSSE ILE, Mich. (AP) — The hero of the Battle of Ashau in Viet Nam faces mandatory retirement. He also has drawn a reprimand for telling newsmen about the battle in which he won the Navy Cross.

Lt. Col. Charles A. House, 45, a 25-year veteran of the Marine Corps, said the retirement will be mandatory because he has been passed over twice for promotion to colonel.

He also confirmed reports of the reprimand.

"There is no way of knowing whether the reprimand had anything to do with my being passed over," he said in an interview Wednesday. "This is a very competitive promotion."

Youth Corps Plans Told

The Menominee - Delta - Schoolcraft Community Action Executive Board met Tuesday night at the Delta County Building. Adam Sinclair, Gladstone, presided.

Reports on the Hannaville Power Project, Menominee Homemaking Proposal and the VISTA Workers Application were given to the board.

Director Ray LaPorte reported that the Neighborhood Youth Corps program was being implemented and that the three-county quota for in-school students will be 25 pupils and out-of-school will be 13 persons. Complete information will be sent to the schools requesting them to nominate neediest students who will be screened for acceptance.

It was also reported that groups in the cities of Menominee and Escanaba are interested in having the agency submit applications to the Michigan Commission on Aging for drop-in centers for senior citizens.

A feasibility study was ordered by the board to determine whether the CAA should sponsor a debt consolidation service, working in conjunction with the newly-formed Legal Aid Services and the area representatives. Persons having great financial problems would have an opportunity to obtain counseling and to make single payments on their gross indebtedness to one central agency, which, in turn, would pay the creditors on a pro rata basis.

Attending the meeting were Adam Sinclair, Gladstone; Carl R. Anderson, Escanaba; Carl Grassi, Menominee; Mrs. Dorothy Cavill, Rapid River; Mrs. Nathalie Copcock, Gladstone; Robert Kanerva, Manistique; Elmer England, Menominee Area representative; Mrs. Lyle Bouchard, Manistique Area representative; Mrs. Ina Witala, Rock Area representative; Mrs. Olive Beauchamp, Wilson Area representative; Ray LaPorte, director and Rosemary Morrow, administrative assistant.

There are a lot of lieutenants but not many colonels."

House, a native of Burlington, Iowa, refused to say anything more about the reprimand because it is "classified."

"I've done well and I'm not bitter," he said. "But I just can't talk about all this beyond that."

"And," he added, "I could lose my pension."

Last March, when his helicopter was shot down, House took command of about 70 American Special Forces and Vietnamese troops under Viet Cong attack at Ashau.

For five days, House led the troops on a retreat into the jungles, eventually finding a clearing where rescue helicopters could drop in.

As the helicopters arrived, the Vietnamese panicked, overloading one helicopter and hanging on the outside of it. Wounded men were left behind.

House tried to restore order, but was ignored, and finally he ordered his men to shoot. Seven Vietnamese were killed and others wounded before the rescue operation could proceed.

The Marine Corps said House did what had to be done. The Vietnamese government agreed, awarding him the Cross of Gallantry.

But later the Marine Corps said House used poor judgment in telling newsmen of the incident.

ATS Satellite Moves To Post

CAPE KENNEDY, Fla. (AP) — America's new ATS multi-purpose satellite drifted slowly westward above the Pacific Ocean today, aiming for a stationary orbit 22,300 miles above Christmas Island.

The National Aeronautics and Space Administration said that in about 12 days control jets would jockey the satellite into the desired location.

While it hovers over one point on earth, ATS, for Applications Technology Satellite, will test new space communications and weather forecasting techniques.

ATS, the first of five such satellites made by Hughes Aircraft Co., was launched from Cape Kennedy Tuesday night.

Detroit Woman Hospital Patient Knifed By Bandit

DETROIT (AP) — A knife-wielding bandit slashed a woman patient at Grace Hospital-Northwest late Tuesday when she told him she had no money in her room.

The patient, 41-year-old Mrs. Betty McIntosh, was not seriously hurt.

Mrs. McIntosh told police a man woke her by leaning over her bed and pressing a knife to her throat. She said the man ordered her to be quiet "or I'll cut you."

She said the man cut her throat and right forearm when she denied having money. The man finally fled, she said.

Associate Hospital Director Dr. Frederick W. Hyde said the hospital had hired private guards two years ago.

"But," he said, "it appears that no matter how tight the security, someone who knows his way around can get in."

Briefly Told

Escanaba police have issued traffic court summonses to James Valiquette, 1419 N. 18th St., failing to signal a turn; Francis E. Veldman, Wells, improper brakes; Ronald J. Pilon, 814 1st Ave. S., disobeying a traffic signal.

A Holy Name High School bus, parked at the rear of the building, was driven about the field at the rear of the school and then abandoned by juveniles, it was reported to Escanaba police about 10 p.m. Wednesday. The keys were in the vehicle.

The Delta Music Center reported to police that a five-inch screen television set valued at \$129 was stolen on Tuesday from the Center.

The Sportsmen's Bar at 1218 Ludington St. will be cited before the Michigan Liquor Control Commission by the Escanaba Police Department for having the premises occupied after the legal closing hour today. Police said there were several persons in the bar at 2:45 a.m. Leon Sovey is the bartender.

The Elks Duplicate Bridge league will meet at 7:30 p.m. Saturday at the Elks Club for regular play. Any bridge players are welcome and need not be members of the Elks Club.

MICHIGAN'S new State Police chaplain, the Rev. Fr. Louis Cappo of Hubbell receives his badge of office from Col. Fredrick E. Davids, department director. Father Cappo has been a leader of economic development and tourism in the Upper Peninsula and Michigan. He is a former assistant pastor at St. Anne's Church in Escanaba.

Nuss Mute In State Court

ANN ARBOR (AP) — Ralph C. Nuss, accused of slaying two teenage youths, stood mute to day at his Circuit Court arraignment on a charge of murdering Thomas C. Brown, 19, of Windsor, Ont.

Judge William F. Ager Jr., ordered a plea of innocent entered for the 30-year-old Nuss who, until his arrest Nov. 16, supervised the work release program for prisoners at the Federal Correctional Institution in nearby Milan.

Ager set a pretrial hearing for next Thursday, when Nuss' attorney, Henry T. Conlin, is expected to request a sanity hearing.

Nuss is to appear in U.S. District Court at Detroit Dec. 21 on a charge of murdering Arland R. Withrow, 17, of suburban Ypsilanti Township. Withrow is believed to have been slain on federal property near the Milan prison.

Withrow was strangled Oct. 16. His weighted, nude body was found in a creek west of Port Huron Oct. 21. Brown was shot Nov. 10, and authorities said Nuss later led them to his body in a creek near Hartland in Livingston County.

Garden Peninsula

Dennis Sheslerkin and John Wagman of Minneapolis, Minn., left Sunday after spending the weekend with Mr. and Mrs. Alec Sheslerkin.

Mr. and Mrs. Axel Rasmussen attended the funeral of Jack Rasmussen in Mundelein, Ill., recently.

PFC James Paulson of Fort Gordon Ga., left Nov. 25 for California and then on to Vietnam.

Mr. and Mrs. Robert Boudreau spent the Thanksgiving holidays with their parents, Mr. and Mrs. Roland Boudreau.

The Kates Bay Home Ec met at the home of Mrs. Louis Farley with 12 members present. Plans were made for the Christmas party to be held at the Lloyd Parsley home Dec. 21. Members are to bring an exchange gift and two prizes.

Gail Grenier of St. Luke's Nursing School, Marquette, spent the weekend with her parents, Mr. and Mrs. Barnard Grenier. She is now on affiliation with the equally divided 1967-68 House.

Democrats on the House Policy Committee approved an amendment to House Rule No. 1 providing that when the House is evenly split between the parties, it must elect co-speakers, one from each party.

Rule Action Delayed

Democratic leaders have agreed that this be done next year, but Republican leaders have opposed the idea. Wednesday, the House Republican caucus formally turned the proposal down.

The new legislature will be governed by the rules of the old until it is fully organized. House action on the rule change was put off until today.

Changing a rule requires a majority of the House members serving. But the change must be before the body five days before being considered.

It was mostly the party caucuses rather than the House itself that made the news Wednesday. The House met for a total of about 90 minutes, handling only routine resolutions and standing through a minute of silence in honor of Pearl Harbor Day.

Smith For Judge

Republican House members met in the morning. They picked their leaders and their candidates for the top offices in the equally divided 1967-68 House.

Democrats, meanwhile, delayed picking their leaders. Besides rejecting the fiscal reform proposal, their caucus passed a

Hellman Protests UP Omission On Plane Nose Map

LANSING (AP) — An Upper Peninsula lawmaker says personnel at Wurtsmith Air Force Base don't know Michigan geography. And he has written the base commander a letter to make sure they learn it.

Rep. Russell Hellman, D-Dollar Bay, says a map of Michigan to be emblazoned on the nose of one of the base's giant KC-135 stratotankers does not include the Upper Peninsula.

Hellman says omitting the UP from the map has offended the residents of the Upper Peninsula.

Pointing out that the UP makes up one third of the state, Hellman asked the base commander to "do everything in your power" to prevent the plane from leaving the ground without including the Upper Peninsula on the map on its nose.

Oil Ban Plans Slow Rhodesia Action In U.N.

UNITED NATIONS, N.Y. (AP) — African pressure was mounting today for an embargo on oil for Rhodesia, but British Foreign Secretary George Brown said a ban on exports from the rebel colony was more likely the rest of the staff are only getting \$800 each. But your work this last year has been so outstanding that we—

Most of the pressure was coming from African members of the 28-nation Commonwealth group who met with Brown for 90 minutes late Wednesday. Britain had planned to offer a resolution for mandatory economic sanctions against Rhodesia to the Security Council today, but further consultations aimed at reconciling the British and African views may delay the resolution a day or so.

The council was to meet at 5 p.m. EST to take up the Rhodesian crisis.

An informant who sat in on the caucus Wednesday said it appeared that most of the Africans would insist on a tough resolution intended to bring down Prime Minister Ian Smith's white-minority Rhodesian government.

Brown told the group he had no cut-and-dried resolution and was open to suggestions. But he pointed out that it would not be wise for the council to take any action it could not enforce.

Brown told the Africans the British cabinet had authorized him to consider a limited embargo on oil but he stressed the view that a ban on Rhodesian exports would be more readily enforceable.

Juetten Heads U.P. Realtors

Richard Juetten, 2636 Lake Shore, Escanaba realtor, was elected president of the Upper Peninsula Board of Realtors at a meeting in Ishpeming on Wednesday. He succeeds Wally Huis of Ironwood.

Other officers for 1967 are Joseph Paul of Ishpeming, vice president, and Leo Carlson of Marquette, secretary-treasurer.

Realtors from the Escanaba area also attending were John Pearson of Escanaba, Leslie Caswell of Rapid River and Charles Burton of Gladstone.

... is one of America's fastest growing sports.

Hal Has Holiday Dream Letters

In This Corner

with Ray Crandall

Curt Marker, Northern Michigan University's most valuable football player this fall, was honored with a second team berth on the Associated Press small college All-America football team this fall . . . Marker, a 6 foot 2 inch 245 pound senior guard from Indianapolis, is regarded as an outstanding prospect by Coach Rollie Dotsch.

* * *

Coach Frits Wilson's Houghton Gremlins remained in the dwindling ranks of undefeated Upper Peninsula prep game teams with a 52-43 victory over defending Copper Country Conference champion Hancock . . . Houghton trailed 11-1 in the early going and 23-10 in the second quarter before zooming into a 41-27 lead midway through the third frame . . . The verdict boosted Houghton's record to 4-0 in the CCC . . . Lanky Phil Jones registered 19 points for Houghton.

* * *

A field goal at the buzzer by John Bennin, 5 foot 10 inch former all-state guard at Brimley, provided Lake Superior State College with its margin of victory in a 102-100 double overtime decision over Penta Tech in the finals of the annual Soo Kiwanis Invitational cage tourney . . . Bennin led six Lakers in double figures with 27 points in the title match . . .

* * *

As in past years, the Upper Peninsula Class D district back-to-back tournament champions will be split for regional purposes . . . Winners of district tournaments at Powers, Republic, Ironwood and Houghton will advance to the regional at Northern Michigan University in Marquette . . . District champs from tournaments in Rock, Manistique and Brimley will move on to a regional tournament at St. Ignace.

* * *

Marquette, Escanaba's first wrestling foe of the season here Saturday afternoon, fashioned an impressive victory over the Ewen grapplers this week, 28-24 . . . The Redmen won five matches and gained five points on a forfeit.

* * *

Gogebic College of Ironwood gained revenge for an earlier defeat at the hands of the Sault College Lions by defeating the Hancock team, 85-76, in a second meeting . . . One of the major factors in the victory was an outstanding defensive job by Bob Manning, former Trout Creek star, on Dave Verlaine, ex-Chassell ace . . . Verlaine was limited to 10 points, his lowest output of the season . . . Ron Horning led Gogebic with 27 points.

* * *

DeTour kept its unbeaten record intact this week with a 65-62 Eastern Conference triumph over Sault Loretto . . . Rich Ledy and Mick Adams led the Red Raiders to their third consecutive victory with 10 points each.

* * *

Ewen's Terry Conrad, one of the tallest basketball players in the Upper Peninsula this season at 6 feet 7 inches, scored 30 points to lead the Bulldogs to a 68-51 victory over Ironwood St. Ambrose in a Fourpine Mountain Conference contest . . . The setback was the first of the season for the highly regarded Ironwood quint.

Upsets Spice College Fare

By The Associated Press
Maryland, Southern Illinois, Ohio University, Wyoming, Georgia and Bowling Green grabbed the headlines in college basketball Wednesday night with unexpected victories.

Maryland beat North Carolina State, 54-53; Southern Illinois whipped St. Louis, 69-58; Ohio edged Indiana, 91-88 in overtime; Wyoming upset Nebraska, 102-98; Georgia downed Georgia Tech, 80-67 and Bowling Green humbled Michigan, 90-83.

These surprises overshadowed New Mexico's 77-59 conquest of Los Angeles Loyola, Arkansas' 51-46 victory over Oklahoma State and Detroit's 74-73 squeaker over Notre Dame.

Maryland came from behind with a 10-point spree to go ahead 37-34 in the second half in its victory over the Wolfpack at Raleigh, N.C. State went scoreless from the field for the last 10 minutes, 45 seconds. Jim McMillian led the Terps with 14 points in the low scoring game.

Southern Illinois, one of the country's top minor teams, whipped the Billikens at St. Louis behind 18 points by Dick Garrett and 14 by Walt Frazier. John Schroeder's 10-foot hook shot with one second left in the overtime gave Ohio U. its victory over Indiana at Bloomington. Ken Collins' 35 points paced Wyoming over Nebraska at Laramie while two free throws by Jim Youngblood broke an 81-81 tie and put Georgia ahead to stay over the Yellow Jackets at Athens, Ga. Big 6-foot-8 Walt Pietkowsky tossed in 33 points, including two key baskets with the score 85-83, to lead Bowling Green over Michigan on the Falcons' home court.

Sixth-ranked New Mexico, the only team in the Associated Press Top Ten to see action, rolled up a 61-34 lead to rout Loyola at Albuquerque. Mel Daniels, with 22, and Ben Monroe, with 18, combined for 40 points for the Lobo.

Wally Freeman, with 16 points, led Arkansas over Oklahoma State at Stillwater. The Porkers' rugged defense held the Cowboys to only six baskets in the second half. Larry Saltz's basket with just seven seconds on the clock gave Detroit its triumph over Notre Dame at South Bend.

Spartans, Irish Dominate All-America Team With Three Players Each; Spurrier Honored

NEW YORK (AP)—Notre Dame, the national champion, and Michigan State, the runner-up, each placed three men on The Associated Press All-American football team announced today.

They are Tom Regner, offensive guard; Nick Eddy, offensive back, and Jim Lynch, linebacker, from Notre Dame; and Clint Jones, offensive back, Bubba Smith, defensive end, and George Webster, defensive back from Michigan State.

Steve Spurrier of Florida, the Heisman Award winner, heads up the offensive backfield as quarterback and Mel Farr, UCLA, rounds it out.

The team was based on recommendations of the AP football board of sports writers and sportscasters, who also voted today.

The 1966 team is a mammoth one, with Smith at 280 the largest, but it also includes Frank Lorio, Virginia Tech, 175-pound junior defensive back. Next tallest is Ray Perkins, Alabama's 184-pound offensive end. Alabama placed a second man on the team, in the person of Cecil Dowdy, offensive tackle. Nebraska also had two on

Troubled Teams Battle It Out

DETROIT (AP) — Two troubled National Football League clubs meet here Sunday, with both Detroit and Minnesota trying to stay out of the cellar.

The Lions are 4-8-1 and lead only the Vikings, 3-8-1, in the Western Division of the NFL.

This is the Lions' last game, because they drew a bye for the last weekend. Minnesota has one more to play.

The first game between the two teams saw Detroit come from behind for a 32-31 victory. Diminutive Garo Yepremian kicked six field goals for the richest-ever \$275,000 PGA team championship today.

Proving again that the best cure for a bogey is a birdie, the Nicklaus-Palmer team carded a best-ball 63 Wednesday on the "monster" 6,896 -yard East Course of the PGA National Golf Club.

They bogeyed the 390 -yard fourth hole in rain Wednesday but came back with 10 birdies between them to grab the lead in a field of 120 teams aiming for total yardage. The flunker has caught 67 passes for 1,300 yards and needs 220 more yards to break the NFL record. He already holds both the club records.

Minnesota Coach Norm Van Brocklin has indicated that he'll return to using Fran Tarkenton at quarterback. Second-year quarterback Bob Berry played against Atlanta last week and lost.

Both teams have been troubled by mistakes and both have extensive injury lists.

Karl Sweeten, the Lion quarterback, got his chance when Milt Plum was injured against Baltimore Oct. 16 and since has shown himself a competent man at the helm.

Michigan Tech Breaks Record

HOUGHTON (AP)—Michigan Tech set a school record in bombing Northland of Wisconsin 123-78 Wednesday night in basketball.

The 123 points surpassed the 119 scored against the same school in the 1955-56 season.

Tech jumped to a 47-24 lead in racking up its first victory of the season against one loss. Freshman Bob Pietro topped the victory.

Hermannsville assumed command of the game in the early minutes and pulled out to an 18-9 lead by the end of the first stanza. Feich slipped further behind at halftime, 38-26, and the Redskins applied the

No. 1 position in the Great Lakes Northern Conference race this weekend as all teams take on non-conference competition.

Esky tops the loop with a 2-0 record while all other teams have lost at least one game. The Eskymos will put their 3-0 overall record on the line Friday night in a home stand against unbeaten (4-0) Ishpeming of the Great Lakes Conference.

The Holy Name Crusaders will travel to Manistique Friday night seeking their third triumph in five starts. Manistique will carry a 1-2 record into the contest.

Pat Miller, Menominee's 6 foot 3 inch junior, leads the league in scoring according to statistics released today by Ken Peterson of Escanaba. Miller has tallied 79 points in three games.

Esky sophomore Dan Mylander retained his lead in scoring assists this week with 18.

MSU Medical College Expansion Waits On Osteopath Decision

LANSING (AP) — The State recommended that it be expanded without delay to a full degree-granting medical school at Michigan State University. "This report of the committee Wednesday, but decided it [too] justifies the school at MSU, but I think our consideration must be broader," said Thomas Brennan, board president.

MSU opened a two-year medical college last fall and a citizens' committee recently

Cornell

Christmas Party

The junior leaders of the Cornell Tots and Teens 4-H club met at the town hall last evening to make plans for the club's Christmas party on Monday evening, Dec. 12, at the town hall.

There will be a gift exchange and boys will bring a boy's gift and girls a girl's gift. Each family will donate cookies or cupcakes for lunch. The club will furnish the punch.

Christmas tree decorations are in charge of Mary Jo Dahl and Linda Carlson. Table decorations, Betty Lippens and Mary Jo Dahl. Debbie Scheuren and Irma Woodard will be in charge of the gift exchange. Members on the game committee are Debbie Scheuren, Irma Woodard, Melissa Rose, Betty and Shirley Lippens, and Vital VanDrese and Dale Ford.

Mary Lippens will be in charge of the dining room and the kitchen will be under the supervision of Debbie Scheuren and Irma Woodard. The entire club will be on clean up committee. Parents are invited to attend the party. Adult leaders at the meeting were Mesdames Howard and Morton Scheuren.

A strange thing happened to the James Deneau family in Cornell, recently. While Mr. Deneau was at work one evening recently, his wife was taken by neighbors to St. Francis Hospital for emergency treatment. About an hour and a half later, Mr. Deneau was admitted for treatment for an accident received while working at Harnischfeger. Neither party knew the other was in the hospital.

Reward Posted In Knife Death

DETROIT (AP) — The J. L. Hudson Co. has offered a \$10,000 reward for information leading to the conviction of the man who fatally stabbed a store clerk last Wednesday night.

The clerk, William Frederick of the Detroit suburb of Royal Oak, was killed when he tried to detain a shoplifter.

Meanwhile, a bank president said that he has established

English Institute

KALAMAZOO (AP) — A six-week summer institute for 40 teachers of English in elementary and intermediate schools will be held at Western Michigan University next year under the sponsorship of the U.S. Office of Education.

a trust fund for Frederick's three children, William Jr., 5, Kristin, 4, and Elizabeth Ann, 6½ months.

William Holbert said he will use his bank, the National Bank of Royal Oak, as a clearing house for trust fund donations.
